

I have used
blinding and
will use
it time in my
writing.

I used a question because
it is a question so it shares
it is a question.

What Are Heavy?

What are heavy? sea-sand and sorrow:

What are brief? today and tomorrow:

What are frail? Spring blossoms and youth:

What are deep? the ocean and truth.

By Christina Rossetti

I used repetition because I want the
reader to know that what are
there and so they will know
it's a repeated question.

What are light?

What are light? star and happiness:

What are green? pears and sickness:

What are dark? night and sadness:

What are yellow? bananas and unsure.

I used too sickness for because
see green you feel sickness
readers read it they might feel
ness so that's why I used it.

I used happiness because when you feel
you have stars and you feel happiness in
If the reader read it he or she would
and happiness so it is an abstract no

I would try to do some rhyming next
just like Christina Rossetti and I would
improve my vocabulary choices so that's
want to improve.

I use the opposite of
the meaning because I want
to do something like Christina
Rossetti; so I done the top then
leave a line and do something
else then I done the
opposite.
