Glossary

Descendant - related to

Burhs - town protected by a large wall

Danelaw - Area run by Vikings

Navy - Sea army

Task 2:

Read through the information below about two more key figures during Viking times:

Edward the Elder (King of Wessex from 902 AD to 924AD)

- Edward was the son of Alfred the Great. Alfred the Great died suddenly so there was a battle for the throne. Edward and his cousin fought and Edward eventually won as his cousin died in battle in 902AD.
- He continued the wars against the Vikings with the help of his sister and these were very successful.
- He made an alliance with the Scots to help defeat the Vikings.
- He is buried in Winchester like his father

King Canute King Canute (995-1035) He was the Viking king of England, Denmark, Norway and part of Sweden. Legend has it that Canute stood in the sea and commanded it to retreat, to show his power, but getting his feet wet only proved to the people that he had less power than God.

day Denmark, Norway and Sweden

T.Heirarchical - A type of society where people are placed in order of rank 2. Raid - A surprise attack on an enemy designed to take or steal something of value or importance 3. Norse – the language the Vikings spoke 4. Jarls - The wealthy nobles in Viking society. They lived in the best houses and reported to the Kings or chiefs. Karls - The karls were everyday people such as farmers, craftsmen, sailors and warriors. Thralls - Slaves who were captured, bought or traded 5. Scandinavia – Present
