

When you have finished - take the assessment

Rules:

Each player or team takes it in turns to roll a dice and move their counter.

Once you land on a square, you need to tell the other team if you think the image is a push or a pull.

You get 1 point for a correct answer and 2 points for being able to explain what is happening.

If you make a mistake, move 2 squares back!

Use the answers to see if you were correct!

No dice? Write 1,2,3,4,5,6 on a piece of paper. Cut them up. Put them into a bag. When it is your turn, without looking choose a number from the bag. Remember to put the number back in the bag when you have finished.

Push or Pull?

Start

Finish!
