What do we mean by forgiveness?

Choose two scenarios in which somebody does something wrong/hurtful to someone else? An example has been given for you

Scenario	Should they be forgiven?	Why (not)? How hard would it be to forgive them (/10)?
<i>Example</i> Your brother or sister eats one of your Easter eggs.	<i>Yes</i>	<i>Because although it was wrong you still have other eggs to eat. There are more important things in life than chocolate.</i>
Scenario 1		
Scenario 2		

Would you be able to forgive someone if they did the same thing again and again? Is there a limit to the amount of times you would forgive someone for the same thing?

When would a person not deserve forgiveness? When would it be too hard/impossible to forgive someone?
