

Week 7 Day 2

Remember: Pencil, short date, underlined.

Show your working out!

Have a go:

Use a template if needed!

$39 - 27$

$56 - 19$

For some of you - your teacher will decide!

Mega Challenge:

$756 - 39$

$348 - 229$

$532 - 493$

Calculation at Chesswood

Subtraction 5

Expanded Column

Use squared paper to write the numbers in columns.

If I subtract 7 from 6, I get a negative number - I can't use this within a calculation!

I need to exchange a ten into ten ones: $10 + 6 = 16$.
 $16 - 7 = 9$

$$\begin{array}{r} 200 \quad 160 \\ 300 + 70 + 6 \\ - 100 + 70 + 7 \\ \hline 200 + 90 + 9 = 299 \end{array}$$

But now I can't subtract 70 from 60! I need to exchange a hundred into ten tens: $100 + 60 = 160$.
 $160 - 70 = 90$

When I get more confident I can subtract larger numbers.

$376 - 177 = 199$
