WALT understand what budgeting means and how to spend money responsibly

Lesson objectives:

- To understand the important role money plays in our lives
- To identify the home expenses that parents/adults need to manage
- To understand what a budget is and how to manage one

## WALT understand what budgeting means and how to spend money responsibly

### Council Tax

A payment every household must make to their local council to cover the cost of local services. These services include things like libraries, the police, fire service, rubbish collection, street cleaning and parks.

Every house receives an annual council tax bill which can be paid monthly.

### Utilities

These include gas and electricity (energy), and water. Energy is used for lighting, cooking and heating. Water includes clean drinking water and a sewer connection for waste water. The amount you pay will vary depending on how much you use and which company provides the services.

### TV Licence

You must have a TV licence if you watch or record programmes on a television or live on websites, like the BBC, which could be accessed on any device like a desktop computer, a laptop, a mobile phone, a tablet or a games console.

## WALT understand what budgeting means and how to spend money responsibly

### TV/Internet packages

These allow you to access the Internet in your home (from any device), and to watch a whole range of channels on your TV.

### Basic food/household items

These include staple foods like bread, milk, meat, fish, fruit and vegetables and items used regularly in the home like laundry detergent, cleaning products and toilet rolls.

### Basic clothes

These include clothes to wear to school or work, coats for cold weather and shoes etc.

Do you know what the difference is between essential and non-essential?

Essential

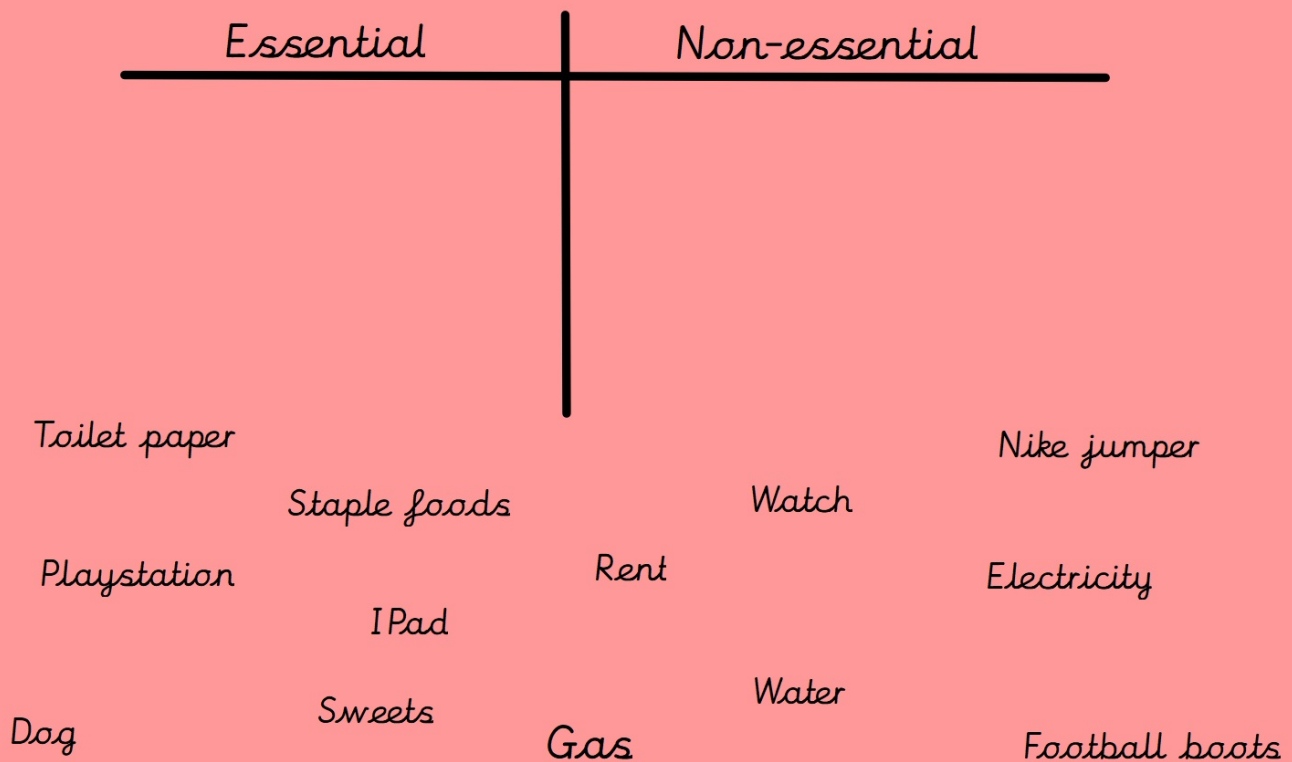

Absolutely necessary; extremely important things you need.

Non-essential

Not absolutely necessary - things we want but don't necessarily need.

WALT understand what budgeting means and how to spend money responsibly

Can you sort these into essential and non-essential?

WALT understand what budgeting means and how to spend money responsibly

What is a budget?

A budget is a spending plan for money coming in and going out.

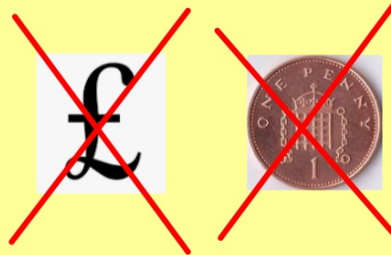

Why would you need to use a budget?

Using a budget is really helpful, especially if you're trying to save up to buy something expensive. It also helps with working out how much money you have to spend on things you need and want.

Now you know a little more about budgeting, you're going to have a go at it yourselves.

However, we're not going to use pounds and pence in our budget.....

We're going to use....

GALLEONS!

Get ready to re-enter the world of Harry Potter! Read Professor Dumbledore's and Hagrid's letters and follow their instructions...
