

Position 200, 640 and 880 on the number line:

Make a long number line. Put a 0 on the left end and 1000 on the right end of your number line:

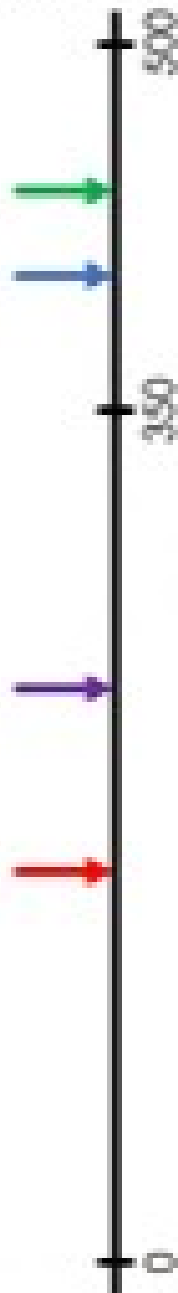

Position these numbers on your number line: 82, 325, 790, 931

Tip 1: compare the gap between 0 and 82 with the gap between 82 and 325.

Tip 2: which is the biggest gap between the numbers? Which is the smallest gap?

Which arrows show the position of 240 and 410 on the number line?

Explain how you know.

Estimate the value of the missing numbers:
