

Use 10 counters to build an array for these multiplications

Draw the array into your book. Tell me a multiplication fact that could help you answer it.

$30 \times 2 = \underline{\hspace{2cm}}$

$30 \times 9 = \underline{\hspace{2cm}}$

$60 \times 5 = \underline{\hspace{2cm}}$

$10 \times 4 = \underline{\hspace{2cm}}$

$50 \times 2 = \underline{\hspace{2cm}}$

$40 \times 2 = \underline{\hspace{2cm}}$

$70 \times 9 = \underline{\hspace{2cm}}$

$80 \times 7 = \underline{\hspace{2cm}}$

$50 \times 6 = \underline{\hspace{2cm}}$

$30 \times 3 = \underline{\hspace{2cm}}$
