

# MARCUS RASHFORD

A presentation by Isla Rutherford Fletcher

## Childhood

- **Marcus Rashford was born on Hallowe'en in Wythenshawe in Manchester.**
- **Just in case you don't know Hallowe'en is the 31st of October.**
- **Wythenshawe is just around the corner from Didsbury which is where my mummy is from.**
- **Also his mum is called Melanie.**

## Football

- Marcus Rashford joined Manchester United when he was seven.
- He was and still is a professional footballer.
- In 2016 he scored two goals in a 5-1 victory over the Danish club Midtjylland in the UEFA Europa league.
- This was his first game for the senior team.

# LOCKDOWN HERO

- For everyone else Marcus Rashford fought against the government to give school children free schoolmeals during lockdown.
- To be kind Marcus Rashford told the government to give poor families food vouchers.
- He said that child food poverty is “getting worse not better”.
- He also found that 15% of households with children don’t have enough food to eat.
- Marcus Rashford learnt sign language to talk to a United fan.

## Don't be mean!

- Unfortunately, there was a picture of Marcus Rashford but someone, because he had lost a football penalty, came and wrote some mean things about him.
- Luckily, other people, on top of the mean things, stuck lots of sticky notes saying nice words to tell him they didn't believe the mean stuff.

## Food banks

- To extend his challenge, Marcus Rashford decided to support his local food bank.
- If I could talk to Marcus Rashford in real life then I would probably say “well done!”.
- Here is a picture of Marcus and his mum Melanie at their local food bank.->over there!
- Now this is the end!

Last thought...

Goodbye!
