Celebration of Learning Event Wednesday 6th April

Dear Parent,

We would like to invite you to attend the Celebration of Learning evening on Wednesday 6th April from 3.30 p.m. – 5.30 p.m. The event is designed to help you gain a deeper understanding of your child's development and achievement. It is an informal and relaxed chance for your child to share their learning success with you.

You are invited to attend with your child to review their learning and progress since September. The Celebration of Learning event is designed to provide parents with the following:

- Going beyond the standard 'What did you do at school today?' – 'Nothing much!' conversation that parents endure most days, in all schools.
- Celebrating their progress and achievements in different areas.
- Chatting about the pieces of work they are proud of or enjoyed the most.
- Understanding the areas they are finding tricky, and think how this could be supported from home and in partnership with the school.
- Finding and agreeing things that could be improved before the end of the academic year
- A good foundation for discussion with your child's class teacher at the forthcoming parents evening on the 3rd and 5th May (Years 3,4, & 5 only) in addition to the information you have received in your child's recent report. We believe that it is vital that all parents make use of all three information sources, so they are in a strong position to work in partnership with the school to accelerate their child's achievement.

You will not need to book an appointment time, as this is not a parent-teacher evening. On that basis, the class teacher is unlikely to be in the classroom at the time of your visit. The Head Teacher, Deputy Head teacher and Year leaders will be available for guidance and advice throughout the event.

I hope you will be able to make use of this time to chat with your child about the many great things that they have achieved and is proud of during the year, so far – I am sure it will give a boost to your child to show off their learning to you!

Yours sincerely,

Andrew Jolley
