Computing Knowledge Organiser—Year 5 We are Game Developers

Writing a Blog

A blog is a type of online communication where you can share with others online subjects that you love and feel passionate about. The content is provided in reverse time order.

stuff you love

warmer

better

the sweet spot!

not bad

stuff you're good at

stuff people want

Online Communication

The internet can be used to communicate with people all over the world using emails, videos and blogs. Online communication can happen via blogs over the internet through webpages.

Blog	A blog is a website where the content is provided in reverse time order.
Online communication	Using the internet to communicate with people. This could be by emails, video calls, or using a blog.
World Wide Web	A collection of web pages that is on a network of computers. You access the world wide web using the Internet.
Internet	A massive network that connects computers all over the world.
Web page	An online page that you can access by using the internet.
HTML	HTML is a markup language to show writing, links, pictures, and even sound and video. HTML is used to mark and describe each of these kinds of content so the web browser can display them correctly.
Web browser	A web browser is what people use to search for information on webpages that are accessed by the internet.
Content	This is what is displayed on web pages

HTML

```
<html>              →  HTML tag
  <head>
    <title>
       Hello World!          Markup
    </title>                 Element
  </head>
  <body>
    Learning about Elements
    <br>  _____ →  Empty Element
    It is fun to write HTML.
  </body>
</html>
```

When writing a blog, HTML is used to display writing, videos and images in an interesting way so people will want to read it. The web browser looks at the HTML to see what it needs to show and how to show it. The HTML to the left shows where the title and body of the writing will go.

Skills we will need:

- Writing online for a target audience.
- Editing and making improvements to online work.
- Proofreading work before publishing.
- Adding images/backgrounds/banners.
- Changing fonts and styles of writing to make it look more appealing.
- Reading and responding to feedback in a positive way
