

Stone Age Song

Listen to our song, it's a rock song
Banging on a rock, 'cos it's all about Stone Age man
Got mud on your face, ya big disgrace
Everybody rock to the Stone-Age bass!
Singing we will, we will rock you!
We will, we will rock you!

Living in a cave, we are so brave
Banging on a flint, make a spark to make fire-light
Got mud on your face, ya big disgrace
Everybody rock to the Stone-Age bass!
We will, we will rock you!
We will, we will rock you!

Following a track, with a stone axe
Banging on a drum, with a bone and a bear-skin coat
Got mud on your face, ya big disgrace
Everybody rock to the Stone-Age bass!
We will, we will rock you!
We will, we will rock you!
We will, we will rock you!
We will, we will rock you!
