

# Computing Knowledge Organiser—Year 5 We Are Bloggers

## Writing a Blog

A **blog** is a type of **online communication** where you can share with others online subjects that you love and feel passionate about. The **content** is provided in reverse time order.

## Online Communication

The **internet** can be used to communicate with people all over the world using emails, videos and **blogs**. Online communication can happen via blogs over the internet through **web pages**.

```
<html>
  <head>
    <title>
      Hello World!
    </title>
  </head>
  <body>
    Learning about Elements
    <br>
    It is fun to write HTML.
  </body>
</html>
```

HTML tag

Markup Element

Empty Element

## HTML

When writing a **blog**, **HTML** is used to display writing, videos and images in an interesting way so people will want to read it. The web browser looks at the **HTML** to see what it needs to show and how to show it. The **HTML** to the left shows where the title and body of the writing will go.

## Blog

regularly updated **website** that is written in an informal style usually run by an individual or small group.

## Online communication

Using the internet to communicate with people. This could be by emails, video calls, or using a **blog**.

## World Wide Web

A service provided via the **internet** that allows access to **web pages** and other shared files

## Internet

The global system of interconnected computer networks

## Web page

A **HTML** document viewed using a web browser

## HTML

**HTML** is a markup language to show writing, links, pictures, and even sound and video. **HTML** is used to mark and describe each of these kinds of content so the web browser can display them correctly.

## Web browser

A **web browser** is what people use to search for information on **web pages** that are accessed by the **internet**.

## Content

This is what is displayed on **web pages**

## Skills we will need:

- Writing online for a target audience.
- Editing and making improvements to online work.
- Proofreading work before publishing.
- Adding images/backgrounds/banners.
- Changing fonts and styles of writing to make it look more appealing.
- Reading and responding to feedback in a positive way
