# What you will learn

In this interview I will be interviewing my sister, Francesca Aston

# Biggest changes in lockdown

My biggest changes in lockdown are not being able to do to dance and seeing my friends and family.

Homeschooling is hard because you can't easily contact your teachers and ask questions. However I feel like I get more work done because there are less distractions.

# How she is feeling about this change

I am not feeling the best about it but hoping it wont be for to long. However, I am very fortunate that nobody in my family including myself is suffering from the virus which is much more lucky than some, so I guess I am very lucky at the moment fingers crossed.
