

# Y3 PE Knowledge Organiser—Rolling, Stopping, Catching

## Key Knowledge

Learn these key facts—key points in red

### Ready Position

The ready position is a key starting point when fielding. It provides you with the best opportunity to **catch and/or stop the ball** and allows you to move into position quickly. This is done by being **on your toes** with your body weight slightly towards where the ball is coming from with hands ready.

### Short Barrier

The short barrier is a way of stopping and picking up a ball. It can be done with either **one or two hands**. The palm of your hands need to be able to '**see the ball**' with fingers

**pointing towards the ground**. You can also put your foot behind your hands in line with the ball as a back up in case you miss the ball with your hands.

**Don't be a frog!!**

### Releasing the Ball

This is a vital skill for **throwing** control for both distance and aim. Where you release the ball from your hand will determine whether the ball goes high, low, to the side or at the target. Think Spiderman!

### Hand Position

This is used for **catching and stopping** (see short barrier) the ball. When catching with two hands your hands need to be together with **no big gaps**—if there is a gap the ball may go through your hands. This needs to be maintained until the catch is complete.

## Key Vocabulary

Understand these key words

Word	Definition
<b>Catch</b>	Stopping a moving object without it touching the ground and keeping hold of it.
<b>Roll</b>	Sending a ball towards a desired target as close to the floor as possible
<b>Fielding</b>	A combination of moving yourself, stopping, catching and throwing the ball.
<b>Short Barrier</b>	A quick way of stopping and picking up a ball
<b>Throw</b>	Sending an object to a desired target through the air
<b>Underarm Throw</b>	Used to propel an object over a short distance accurately
<b>Overarm Throw</b>	Used when propelling an object for distance and/or speed
<b>Ready Position</b>	A starting position when fielding to ensure the best chance of catching and stopping the ball
<b>In—Line</b>	To follow the ball's direction when it is going towards you—moving to the path of the ball
<b>Releasing the ball</b>	The point of the throwing action where the ball leaves the hand

## Focus Sports
