

Y6 PE Knowledge Organiser— Invasion Game Principles

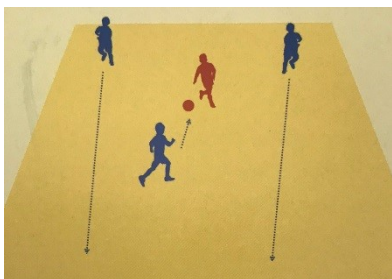

Key Knowledge

Learn these key facts—**key points in red**

Defending

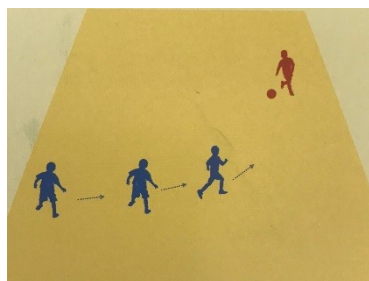

Delay

If possession is lost quickly—a defender should try to slow **the attacker** down so other players can get back in position (**goal side**).

Balance

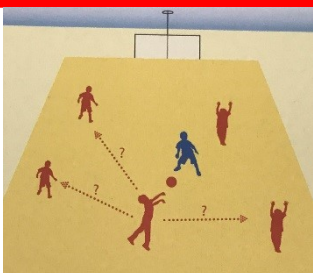

Defenders need to move into an appropriate **formation** in relation to where the ball is.

Attacking

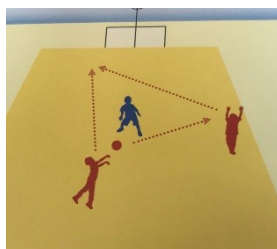

Support

To give the player in possession **as many options as possible** team-mates move into different positions to receive the ball. This could be to the side / behind / in front of the ball.

Improvisation

Players need to become **creative** to get past an organised defence e.g. one-twos, fake passes, outwit defenders with the ball

Key Vocabulary

Understand these key words

Word

Definition

Balance

Moving closer to the player in possession of the ball.

Formation

When one player applies pressure another teammate drops deeper to cover.

Delay

Slowing the pace of the attack to help the defence.

Possession

Retain the ball and keep away from the opposition

Width

In order to create space some players will need to move to wider positions

Depth

Have support behind the ball (be able to pass backwards)

Scanning

Players to scan playing environment before sending or receiving the ball

Improvisation

Creative ways of outwitting opponents

Support

Movement of team-mates to get into space to receive the ball.

One-Twos

Quick fire passes between 2 players one passes moves into space and receives again.

Sports Focus

Rugby

Players

Jonah Lomu

Youngest player to play for the All Blacks at the age of 19y 45days. Known for his speed and power on the wing.

Jonny Wilkinson & Martin Johnson

Key players in England winning the 2003 Rugby World Cup. Johnson was the captain and Wilkinson scored the winning points with a drop goal in the dying seconds.
