Accommodation

Where will my child be sleeping?

- Rooms are situated on the first floor of two of the purpose built lodges. Each room sleeps between 2 to 5 people, with a mixture of bunk and single beds.***
- Room allocation will be decided before we go. We will carefully consider friendship groups and the needs of all children – we will ensure children are placed with people that they get on with and can have fun with. The children will be told who they are in a room with during the week before we leave.***
- There are at least 2 adults on each floor to supervise.***
- There are ensuite facilities or toilets immediately outside rooms in both locations.***
