3. Beat the Streets – All – Information

We are excited for the new Beat the Street project that was launched this week. This is a fun game around the Worthing area, to encourage families to walk or cycle together and earn points in doing so. Children should have now brought home their information packs and fobs. Please ensure you register this to Chesswood and watch us climb the leader board. The beginner running club used their running route to earn 40 points each this morning.

4. Internet Safety – All – Information

Please find to follow guidance on internet safety. Further information can be found on our school website:

Advice for Parents:

Recently there have been many stories about various challenges, dares or threats online. These stories are based on an urban myth / hoax which circulates every few months. Whether that is the case or not, please do not show any scary images from social media, YouTube or the newspapers to your children in order to talk about it, and do not mention the challenge by name. Instead, talk about what to do if they see something scary or someone dares them to do something stupid or dangerous; ask them if they would tell someone and who; make sure they know never to forward these things to their classmates.

Useful resources:

What to do if your child sees something upsetting online:

If you are concerned or want advice about online safety issues you can call the NSPCC's free helpline 0808 800 5002.

General advice:

Speak to your child about the importance of not contacting strangers online, regardless of the method. Setting privacy systems on devices with your child is a great way to have this conversation and agree on precautions to take.

Keep having open conversations about online activity and take an interest in what they are doing online. Keep an eye on device usage – there are lots of tools that can help you to do this, check in with them if you notice anything unusual or you are not sure about.

Ensuring your child's privacy and security settings are set to be as secure as possible, both on their devices and the apps/games/sites they are using. There are lots of helpful guides and support that can help you to do this. This will help to prevent your child coming across anything distressing online.

Ensure your child knows they can speak to a trusted adult should they see anything that upsets them or should they come across any dares, challenges or threats online.

Where to go for help if your child has been affected by dangerous online crazes:

There are a number of organisations that can offer direct support to you and your child. Here are a few that we would recommend:

- The Samaritans 116 123
- The NSPCC/O2 Parents Helpline 0808 8005002

Advice for children:

BBC's own it has great advice about what to do if you see something upsetting online.

There are videos and other types of social media posts that can mention dares, challenges or nominations and these might make you feel upset or uncomfortable. If someone ever asks or nominates you, speak to a trusted adult or seek advice from the following:
