Dear Mr Light,

I am really excited to meet you in our new class, SAL! I really enjoy doing maths because I work the hardest on. I also really like geography and history, in geography I'm like doing maps and in history I like doing timelines and punishments.

Outside of school I do a club and it is gymnastics. It's called Nickers I used to go to Edward but Aleigh showed me Nickers and it looked a lot better. I joined because there is lots more equipment and there is more classes.

I need to work on my english and handwriting because while lockdown was happening I pushed my work so now at school I it doesn't look this best.

My favourite things to do at home is bake with my sister and I my favourite food are Sausages food so my favourites are Cadops, curry, coffee, nuts-hats, toys (fish) and kittens.
