

Chesswood Junior School – Weekly Learning

Please practise your weekly spelling words (see your homework sheet) and we've made up two online games to help you with this. This week in our writing we're starting to write our own journal about a trip into Space! To begin with we will look at some different video clips and make our own space word bank (some suggestions are already included) before doing a short burst write practising using these. This is followed by a slow write, in which we pick out the key features of each sentence and then use these as our success criteria to help us to write our own high-quality paragraph. To finish the week we are going to plan and write the first paragraph of our journal all about what it felt like to blast off into space! Ty to use all of your senses to tell us what you could see, hear, feel, touch and even taste! Please also work through the Turbo GPS and Nasty writing activities that we have also uploaded and linked. For Maths this week please use the excellent White Rose videos linked below to introduce the learning (follow the lessons in order): https://www.chesswood.w- thtps://wordwall.net/resource/4746605 Mordwall Games: https://wordwall.net/resource/4746605 Journal writing: https://www.chesswood.w- sussex.sch.uk/attachments/download.asp?file=8155&type. Chesswood Junior School – Weekly Learning

Please also remember to practise your written methods using the questions we've uploaded and linked!

Again, very good luck and remember to contact your class teacher to show them some of your work and to let them know how you're getting on!
