### Challenge

Add punctuation to a paragraph.

### Punctuation thief!

It was a cold *winter's* day as the punctuation *thief* crept quietly into the classroom. "I *can't* wait to steal all the punctuation," she whispered to herself. "If only there was a way to steal letters too." She started to shake all the punctuation from the *English* books, the reading books, the text books and finally the displays. "Oh *I* love my life," she giggled to herself.
