

## Turbo Maths 4 Operations

# Monday

Teacher model number 1

Practise your written methods in your maths assessment books.

Use your new Y5 written method (you can use your favourite method first)

Practise the method you find hardest first - you don't have to do in order.

1.  $463 + 358 =$                      

2.  $805 - 234 =$                      

3.  $95 \times 33 =$                      

4.  $953 \div 7 =$                      

Extra challenge

$7246 + 5249 =$                      

$7246 - 5249 =$                      

$59 \times 35 =$                      

$275 \div 24 =$

## Turbo Maths 4 Operations

# Tuesday

Teacher model number 1

Practise your written methods in your maths assessment books.

Use your new Y5 written method (you can use your favourite method first)

Practise the method you find hardest first - you don't have to do in order.

1.  $802 - 65 =$                      

2.  $75 \times 18 =$                      

3.  $518 \div 4 =$                      

4.  $63 + 231 =$                      

Extra challenge

$8434 + 621 =$                      

$8434 - 621 =$                      

$357 \times 18 =$                      

$987 \div 18 =$

## Turbo Maths 4 Operations

# Wednesday

Teacher model number 1

*Extra challenge*

$$6007 + 2465 = \text{[red box]}$$

$$6007 - 2465 = \text{[red box]}$$

$$347 \times 12 = \text{[red box]}$$

$$862 \div 13 = \text{[red box]}$$

Practise your written methods in your maths assessment books.

Use your new Y5 written method (you can use your favourite method first)

Practise the method you find hardest first - you don't have to do in order.

$$1. \quad 13 \times 16 = \text{[red box]}$$

$$2. \quad 315 \div 3 = \text{[red box]}$$

$$3. \quad 72 + 2 + 24 = \text{[red box]}$$

$$4. \quad 924 - 305 = \text{[red box]}$$

## Turbo Maths 4 Operations

# Thursday

Teacher model number 1

Practise your written methods in your maths assessment books.

Use your new Y5 written method (you can use your favourite method first)

Practise the method you find hardest first - you don't have to do in order.

1.  $96 \times 34 =$                      

2.  $741 \div 3 =$                      

3.  $23 + 45 + 82 =$                              

4.  $536 - 723 =$                      

Extra challenge

$8541 + 5626 =$                      

$8541 - 5626 =$                      

$934 \times 22 =$                      

$946 \div 15 =$

Turbo Maths

**Friday**

Sound check time!!!!

Teacher Note:

- Login to TT
- Go to play
- Then click on soundcheck
- Stick in sound sheets at the back of assessment book
- leave the time down (teacher may want to write the answers down at the end)
- children write answers down as they go
