

## Rumblestar: Chapter 5

Q1: Casper is thrown into the dungeon by Frostbite, where he meets the gravestones. Look at the verse below. What is it that the gravestones find difficult? What do they do instead?

The words you speak are very true  
But you try rhyming right on cue.  
Sometimes the words we want to share  
Need rhymes that are a real nightmare.  
So, if that happens we just show  
Words of deepest, darkest woe.

Q2: Describe how the continents of the Faraway (our world) and the Unmapped Kingdoms were formed.

The egg came first, bright and gold  
Then the phoenix, so we're told.  
Alone it wept, seven large tears  
And the Faraway formed over the years.  
Africa, Europe, Asia and more,  
All different shapes with different shores.  
But these lands were dull and awfully dark  
So the phoenix left another mark.  
Four of its feathers tumbled down  
And the Unmapped Kingdoms came around.
